

STATE OF MISSISSIPPI
HALEY BARBOUR, GOVERNOR
MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY
TRUDY D. FISHER, EXECUTIVE DIRECTOR

**Mississippi Department of Environmental Quality (MDEQ)
Available Solid Waste Management Facilities in Flood Impacted Counties
(May 20, 2011)**

This information has been prepared by MDEQ to assist in responding to the damage needs from the recent severe flooding in counties in the State of Mississippi along the Mississippi River and its tributaries. The high impact areas of the flooding have been currently identified to include those counties directly along the Mississippi River and its tributaries and those off these waterways that may be prone to flooding. There are several existing solid waste management facilities in these areas that may be available for disposal of flood debris subject to the operating conditions of the facility, the type of debris to be disposed and the approval of the site operator. Also, solid waste facilities that exist in counties adjacent to those high impact areas and in other counties impacted by the storm have been listed as well. For contacts and information on solid waste management facilities in counties not listed in the attached information, visit our website at <http://www.deq.state.ms.us/solidwaste> or contact the MDEQ Solid Waste Management Programs at 601-961-5171.

The solid waste facilities identified on the attached listings can accept certain approved solid waste materials as follows:

Municipal Solid Waste (MSW) Landfills: The MSW landfill sites are approved to accept all household garbage, mixed building debris, vegetative debris, commercial wastes, office wastes, packaging wastes and any other nonhazardous solid waste.

Class I Rubbish Sites: Class I rubbish sites are approved to accept all rubbish wastes and building and structural debris such as brick, wood, metal, concrete, roofing, siding, furniture, carpet and other types of building debris. The sites can also accept all class 2 rubbish such as vegetative wastes and inert debris. The sites cannot accept household garbage, household chemicals and certain industrial wastes for disposal.

Class II Rubbish Sites: Class II rubbish sites are approved to accept vegetative wastes and inert debris such as concrete and brick that can be separated from other building debris. The sites cannot accept mixed building debris, household garbage or household chemicals.

MDEQ may also be evaluating and approving temporary debris management sites that are not included on the attached listing of permanent permitted solid waste facilities. Additional information on these sites is forthcoming.

Northern Impact Areas

(North of Interstate 20)

Municipal Solid Waste Landfills

Canton Sanitary Landfill
City of Canton
Contact: Melon Garrett
303 Soldier Colony Road
Canton, MS (Madison County)
Phone: 601-859-3245

Tunica Landfill
Waste Management of Tunica, Inc.
Contact: Carl Simmons
6035 Bowdre Road
Robinsonville, MS (Tunica County)
Phone: 662-363-2282

Little Dixie Landfill
BFI/Republic Services
Contact: Craig Bryan
1716 County Line Road
Ridgeland, MS (Madison County)
Phone: 601-982-9488

Big River Landfill
BFI/Republic Services
Contact: Troy Thompson
52 Landfill Road
Leland, MS (Washington County)
Phone: 662-332-7927

Class I Rubbish Disposal Sites

Bolivar County Rubbish Site
Contact: Will Hooker
East Peavine Road
Boyle, MS (Bolivar County)
Phone: 662-846-5877

DeSoto County Rubbish Pit
Contact: Jason Quinton (Republic)
5255 Sandidge Road
Olive Branch, MS (DeSoto County)
Phone: 901-872-7258

Joe Reed & Company Rubbish Site
Contact: Joe Reed, Jr.
1130 White Street
Cleveland, MS (Bolivar County)
Phone: 662-843-2139

Railroad Avenue Disposal
Contact: Steve Keylor
